Message

I quote from Bhagavat Geeta :

ईदं तु ते गुह्यतमं प्रवक्ष्याम्यान्सुचवे ।

ज्ञान विज्ञानसहितं यज्यत्वामोक्षयसेऽशुभान् ॥

राजविधाराजगहं पवित्रमिदमुत्तमम् ।

प्रत्यक्षावगमं धर्म्यसुसुखं कर्तव्यम् ॥

Lord Krishna says : Dear Arjun, critical knowledge, understanding of deep suspense is only possible through education, which is superior, exclusively holy and useful for the mankind. It should be harnessed to avoid disaster.

While I take the privilege of writing this message for welcoming the second batch of students to Narnarayan Shastri Institute of Technology (NSIT), Jetalpur, Ahmedabad, my memory goes back to the hectic days of activities through which this institute could become a reality. Congratulation to all of them, who contributed to make it possible. As one dream comes true, it generates another dream and this time it will only become reality when students of this institute go long way to become able technocrats paving ways for solid, efficient and cost effective developments. Our vision is to provide academics to fulfill this goal.

I welcome you all in the campus of the NSIT with total determination of fulfilling your aspiration of becoming successful technocrat in future. I also reciprocate my " Ashirwad" to all my students with this advice again quoted from Bhagvat Geeta :

कर्मण्ये वाधिकारस्ते मा फलेषु कदाचन्

मा कर्मफलहेतुर्भुया से स्थानोयास्त्याकर्मणां
